

## Vision

Project Development International (PDi) is committed to providing Quality and Innovative Engineering Solutions for the Oil and Gas Industry

## Mission

- To deliver world-class service to sustain positive client relationships
- To be known for our leadership and passion for quality of delivery and commitment to creating exceptional opportunities for professional growth
- Commitment to continual improvement of services leading to increased profitability and value to our clients

## Scope of PDi

The scope of Project Development International Limited (PDi) business activity encompasses the provision of Project Management, Engineering, Design, Contract Management, Procurement Support, Construction and Decommissioning Management Services to the Oil and Gas industry from discovery to decommissioning.

As a Tattva Group company, Project Development International (PDi) recognises the importance to its future of adopting a strategy which bases the development of its business on the pursuit of quality throughout the company.

Senior Management are committed to ensuring the effective implementation, maintenance and continual improvement of our services by providing adequate resources, infrastructure and guidance.

PDi personnel are accountable for ensuring that clients needs/expectations are met or exceeded with high quality deliverables every time.

Our Quality policy is defined and met by the following management principles:

- Build a mutually profitable relationship with our customers, ensuring their long-term success, through the understanding of their needs and the needs of their end clients as well
- Achieve our commitments for quality, schedule and cost
- Drive continual improvement and innovation based upon efficient business processes, well-defined measurements, best practices, and customer engagement
- Develop staff competencies, creativity, empowerment and accountability through appropriate development programs and strong management involvement and commitment

It is the intent of the Company that its management system will, at a minimum, satisfy the requirement of its customers, the **ISO 9001 Quality Management Systems** standard, and all legal and regulatory requirements.
