

Vision

Project Development International (PDi) is committed to providing Quality and Innovative Engineering Solutions for the Oil and Gas Industry

Mission

- To deliver world-class service to sustain positive client relationships
- To be known for our leadership and passion for quality of delivery and commitment to creating exceptional opportunities for professional growth
- Commitment to continual improvement of services leading to increased profitability and value to our clients

Scope of PDi

The scope of Project Development International Limited (PDi) business activity encompasses the provision of Project Management, Engineering, Design, Contract Management, Procurement Support, Construction and Decommissioning Management Services to the Oil and Gas industry from discovery to decommissioning.

As a Tattva Group company, Project Development International (PDi) is committed to establishing and maintaining the highest standard of Occupational Health, Safety and Environmental performance. PDi are committed to minimising the impact of its business operations on the Health, Safety and Welfare of its employees, suppliers, customers and general public and the environment.

Management will demonstrate active HSE leadership and review system effectiveness by:

- Setting HSE objectives
- Encouraging accurate and timely reporting and recording of all incidents
- Investigate reported incidents, identify root cause and develop corrective action plans
- Identify all hazards and take practicable steps to eliminate or mitigate the exposure to the hazard
- Ensure personnel are made aware of hazards in their work area and are adequately trained to carry out their duties in a safe manner
- Encourage employee consultation and participation in all health and safety matters. Enable employees to elect health and safety representatives
- Ensure contractors and subcontractors are actively managing health and safety for themselves and their employees
- Promote a system of continuous improvement, including annual reviews of policies and procedures
- Meet legal obligations as specified in the legislation, codes of practice and any relevant standards or guidelines
- Ensuring the company, where possible, minimises its environmental impact.

All managers are responsible for the health and safety of their teams.

All employees are expected to help maintain a safe and healthy workplace and ensure prevention of harm to themselves, others and the environment
